## DETAILED ACTION

### *Information Disclosure Statement*

1. I have included a copy of the IDS with the initialed reference. Thank you for re-submitting the reference. I have crossed out all the other references. They have already been considered and initialed on the IDS mailed with the last office action. I crossed them out so that they will not be listed twice on the printed patent.

### *Allowable Subject Matter*

2. Claims 27, 28, 30, 36, 38-44, 46, 48, 49, and 51-60 are allowed.
3. The following is an examiner's statement of reasons for allowance: it is neither anticipated nor obvious over the prior art of record to have a method for producing fullerene as claimed by Applicant in claim 27.
4. Withers discloses providing a hydrocarbon in particulate form and then vaporizing and quenching it. Vaporizing and quenching a particulate is different than the claimed invention of supplying a gas containing carbon.
5. It is also neither anticipated nor obvious over the prior art of record to have a device for producing fullerene as claimed by Applicant in claim 40.
6. Withers discloses that there is a particulate feed of carbon containing feedstock as opposed to a gas feed as currently claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
